12. Description of Event (max. 250 words)

The **Thinkstorm** event was organized to promote creativity, innovation, and collaborative problem-solving among students. The event started at **10:00 AM** with a welcome address and an introduction explaining the objectives and importance of brainstorming innovative ideas.

Participants were then briefed about the rules, evaluation criteria, and the process of idea generation. Students were encouraged to think beyond conventional solutions and propose innovative ideas addressing real-world challenges related to technology, business, and society.

During the main session, participants brainstormed ideas individually or in teams and later presented their concepts before the judges. They explained their idea, the problem it addresses, possible solutions, and the potential impact. This process encouraged students to develop analytical thinking and creativity.

A panel of judges evaluated the ideas based on originality, feasibility, clarity of presentation, and potential impact. The judges also interacted with participants and provided constructive feedback to help them refine their ideas and improve their problem-solving approach.

The event concluded with the announcement of results and closing remarks. Overall, the **Thinkstorm event successfully inspired students to think innovatively, collaborate with peers, and explore creative solutions to modern challenges**, thereby promoting a culture of innovation and entrepreneurship within the campus.
